

2024-2025

School Annual Plan

(Junior Secondary)

#### Introduction

Founded in 1967, CCC Kung Lee College offers students diverse and appropriate curriculum to meet the needs of society. In response to educational reform over the years, the College was developed to be a senior secondary school under the Direct Subsidy Scheme (DSS) in September 2003, mainly offering the senior secondary programme.

In order to nurture students throughout the six-year secondary school programme, Kung Lee College has undergone a transformation. Since September 2022, the College has implemented the junior secondary programme starting at Secondary One, using English as the medium of instruction. The extended senior secondary programme is designed based on the new junior secondary programme.

The College will continue to offer quality education upholding the vision of our School Sponsoring Body, The Hong Kong Council of the Church of Christ in China (HKCCCC): "Together we nurture fullness of life; Hand in hand we witness the love of Christ". We aim to cultivate students to "discern the truth, act in justice", as shown in our school motto, and develop students in six aspects: moral, academic, physical, social, aesthetic, and spiritual education. Integrating Christian Education, Moral and Civic Education, and Life Planning, we offer all-round development to help students develop resilience, build the mind, and cultivate an optimistic, positive and progressive attitude.

Our teaching team will further contribute to the ongoing renewal of curriculum, enhancing learning and teaching effectiveness and offering quality education, to cultivate individual students' unique talents and potentials and help them prepare for the challenging future.
